

U.S. COMMUNITIES™ GOVERNMENT PURCHASING ALLIANCE

Knoll takes great ideas to government.

The U.S. Communities Government Purchasing Alliance and Knoll

Local governments can now benefit from the U.S. Communities Government Purchasing Alliance Contract with Knoll, Contract #RQ07-878957-20B. This contract is the result of a competitive public bid by Fairfax County, Virginia on behalf of all local governments, and made available for use by nonprofits, public and private educational institutions, and special districts. All bidding requirements have been satisfied, saving you time and money. This solicitation was highly competitive, with over 300 invitations sent out and 22 responses submitted. The RFP can be viewed at Knoll's website, www.knolluscommunities.com.

Knoll products capture the depth and breadth of any organization.

Knoll offers a wide array of products for all of your furniture needs, including: Workstations and Collaborative Spaces, Private Offices, Training Areas, Public Spaces, Cafeterias and Lounges, Conference Rooms, and Storage options. Knoll products help promote proper ergonomics to accommodate the health and safety of your employees and others utilizing your facilities. And Knoll's Clean Technology Manufacturing processes will help you create a beautiful workplace that is also environmentally responsible.

Knoll is the industry leader in sustainable design and product offerings

All of Knoll's North American products are GREENGUARD Indoor Air Quality Certified. Knoll products help clients earn LEED credits, which can contribute to LEED certification for existing buildings and new construction. The Knoll approach to sustainability goes beyond compliance and participation to genuine innovation which has changed the way we and other manufacturers do business.
